# About us

ChromaLuxe is the world's leading **manufacturer** of high-definition sublimatable photo panels. Through dye-sublimation, our products provide a lasting visual impact that allows fine art photographers, professional photographers, everyday enthusiasts, designers, and consumers to enjoy their work and photos for generations to come. When it comes to the combination of colour brilliance, superior durability and print permanence there is no other print media on the market that can match the qualities of ChromaLuxe photo panels. Available in a number of different styles and substrates, ChromaLuxe provides an endless range of possibilities ranging from personal projects, fine art installations, and commercial uses.

# Why ChromaLuxe?

- ✓ ChromaLuxe HD panels bring a high quality level with a vibrant colour range and an almost 3 dimensional luminescence that far exceeds UV direct printing and is much better than classic photo prints with or without acrylic top panels.
- ✓ 100% water resistant and with an unbelievably hard coating, they are exceptionally durable - scratch, fire and chemical resistant.
- ✓ They are also lightweight for shipping and easy to hang.
